

## Welcome to Java! ★

22 more points to get your next star! ① Rank: 966837 | Points: 28/50

Problem Submissions Leaderboard Editorial RATE THIS CHALLENGE \*\*\* Welcome to the world of Java! In this challenge, we practice printing to stdout. The code stubs in your editor declare a Solution class and a main method. Complete the main method by copying the two lines of code below and pasting them inside the body of your main method. System.out.println("Hello, World."); System.out.println("Hello, Java."); **Input Format** There is no input for this challenge. **Output Format** You must print two lines of output: 1. Print Hello, World. on the first line. 2. Print Hello, Java. on the second line. Sample Output Hello, World. Hello, Java.
